**(Human Rights Education training, 10-11 October, 2011
at Sanskrithi School of Business (SSB), Puttaparthi, Andhra Pradesh**

1-organizing these kind of programs is a very good idea ,because the students are able to know the human rights and valuable things related with the peaceful human life..

2-I am very happy being in this programme. I had a great experience in this programme. Thank you very much to IARF-SACC. I think this programme is very good for the young people like us who are doing P.G Courses. It will also good to expand this programme to school level also. I never saw these type of programme in my life. I attended a lot of seminars in Bangalore and Hyderabad. But I could not find there such a good environment like this. I am really thankful to my facilitators. The program was very informative.

I hope that it will introduce to all over world. I will cooperate to these organization that even after my education also I will work for these type of Programmes in my life. Thank you.

3-It is a very good programme for me. Because before this programme, I don't know nothing about human rights and religious freedom.

After this training class I know about some basic human rights, I had awareness about what right I am having, how to protect myself and others.

4-This is a very good program and learn about the human rights and the value of people.

5-It is very good. It builds the relationship between the communities and religions. It creates friendly relationship among all the people.

You (IARF) are good, you are doing good job by conducting these types of seminars.

Conduct this type of seminar throughout the world.

Create healthy ,peaceful world. No war only peace we want.

6-I'm satisfied with this program. I got a good experience with this program.

I thank you to our management and Albert Sir to conduct this program; I got a good experience with this program. Now I understood that basic human rights. How to survive in the society. How to implement it through actions. I got a good knowledge about Human rights and religious freedom..

Thank you very much, sir.

7-It is excellent and good. In this programme we have about 30 articles and description about human rights and we knew about what are human rights and what meant by human rights. So we enjoyed a programme with entertainment conducted this program along with subject. So it is very marvelous.

8-A good program for gaining good amount of knowledge of something better other than normal academics. I do feel that this program would guide an individual life in a more better way of life.

9-Any right starts for single person! If your talk touches any students, it will be success of any nation and any person.

10-This program is really inspirable and knowing the rights of all human beings, which should share equally. Really, really good.

11-It is very helpful for us. This can give more knowledge and it tells about how to follow the human values.

12-The programme is very good and the participants are aware of the human rights and we will definitely follow the human rights what we learnt here..

13-I never have seen this type of programme. And I am very happy. I feel that I've knowledge about human rights. These type of Programmes are useful for every human being, and we will be aware of the human rights at anywhere.

Thank you.

14-The programme was very helping as I could know my human rights and others too. This session made me aware of all the right of being a human.

15-This programme is very useful and gaining knowledge to everybody to protect the society from illegal activities (atrocities and violence) happened in the real situation.

16-About this programme, it's very good for me. It's an opportunity to help the society. This program is excellent. It's not forgettable one in my life. It's a chance to serve the people. You share and utilize this opportunity. Thanking you for conducting this programme.

17-In this program, I learn the human right to survive in the society. I would thank to conduct this program (to all) for us.

18-The program was very good and I gained a lot of knowledge from it and ways of teaching the rights were excellent.

19-This program is very good. Still the details of human rights have to be explained theoretically.

20-This program is very good. So I will improve my knowledge. I am sure that I can implement it.

21-It's a good programme. I had to know all of them compulsory. This programme is very essential for all.

22-I learned more thought about human rights. It will be helpful to personal life and society. It will be helpful to the people.

23-This program is very good and easily understandable, but it is better if you people focus on rural areas to promote this human rights education program. Then it will reach to the all people.

24-This program is very useful for young adults because these young adults change the society. Programs conducting in more remote places will help the society.

25-The program is very good. It is very important to the society to conduct this type of programs and the facility is very good.

26-It is a good programme for us to improve to our knowledge and communication skill. It improved so many things in my life through IARF. I thank you for this programme.

27-The programme was good and we learned more at our rights how to use these rights. Now we can motivate the people by doing such Programmes in rural areas.

28-It was excellent program, but it should be put into practice. Unless these are practiced, change cannot be seen. People (often) forget about the HRE programme soon. So they have to be practiced.

29-I know a lot of new things in this program. I requested to conduct every year. This programme is very useful to know the human rights.

30-The programme was really excellent. I have learnt too many issues regarding social and human rights. I am thankful for that.

31-The facilitator was very interactive and taught us with lots of deal. The training program was also very helpful for us because we were able to know our own rights. I think this kind of HRE program should be introduced in more classes that could be an very interesting subject for the students.

32-This programme is very useful to people and society. Now a day they don't know true human values, especially in this generation because this type of concepts are not explained in the colleges. I'm suggesting that type of programme for the curriculum of the university.

33-It's an awesome program. Please try to focus in rural areas and illiterate people because everyone has to follow the human rights. Then they know the values and I hope they won't repeat any mistakes like doing bomb blast and killing people.

34-It is very good and useful session for students. The relationship between the communities, religions and friends are good at all. The job in the training programme was good.

35-I felt very happy for arranging this kind of programs. From this I gained many things.

36-These two sessions are very interactive and also we improve knowledge about HRE. From these classes we will improve our communication skill.

37-I feel great. I learn more subjects and it really helps me and what can I do for the friends?

38-Human Rights Education is improving the value of thoughts among young adults in a right manner. By Human Rights Education young people will develop their country in an admirable manner. So by this program country's progress will happen. Thank you, Sir, for conducting this program.
